TUF-MAX XL

- ▶ Greater fatigue resistance over standard 6 strand ropes
- ▶ Dual coated core prevents internal nicking and notching
- ▶ Superior strength
- ▶ Excellent fatigue resistance
- ▶ Excellent surface mining shovel hoist rope
- ▶ Guaranteed to out perform competing designs

If you think our standard TUF-MAX was good, wait until you try our TUF-MAX XL.

Our new TUF-MAX XL has the highest strength of the TUF-MAX family by more than 10%. The matched lay state of the art design results in greater metallic area and makes this rope a logical choice for the most severe digging conditions. Through this design, internal contact and nicking is kept to a minimum which results in a higher rope breaking strength. Keeping your shovel productive until your next PM.

There's no other shovel rope comparable. Ask about our guarantee today and try one.

Union, a WireCo WorldGroup brand, produces wire rope for a variety of applications – each with their own exacting specifications. We employ the most experienced, talented, licensed engineers in the industry to design solutions for your application. Eight WireCo WorldGroup manufacturing operations and seven distribution centers in North America, plus manufacturing facilities in Mexico, Germany and China, give our customers unparalleled support and global reach. Find out for yourself why Union wire ropes have proven themselves time and time again in the field. **Union: Tested, Tough & True.**
