

# EYE RA-2482

Designed for use with the TUF-GRIP MS-20664 Single Shank Ball fitting (page 17) as well as in combination with each other. Both fittings align easily to any plane. Both are made with durable corrosion-resistant stainless steel, grade 303Se or 305, stamped and formed to dimension. Measure their length from the center of the pin hole to the end of the fitting.

You may specify custom designs of these fittings, but they are not intended for military applications. Make certain you have the compatible ball and shank (see chart) for these custom designs.

## Dimensions for Eye

Part no.	NAS no.	Rope dia.	R	H	M	G	D
SP 1-2	NAS 1435E-2	1/16	1 1/16	.454	.188	.088	3/8
SP 1-3	NAS 1435E-3	3/32	1 1/2	.616	.188	.103	7/16
SP 1-4	NAS 1435E-4	1/8	1 5/8	.638	.188	.190	1/2
SP 1-5	NAS 1435E-5	5/32	1 15/16	.699	.250	.197	9/16
SP 1-6	NAS 1435E-6	3/16	2 3/16	.750	.313	.255	11/16

All dimensions are in inches.
